DOOR HANDLE BEAD HOLDER

INSTRUCTIONS

- 1 Stick the template to some sturdy cardboard that you may have lying around the house (e.g. an empty cereal box, or a cardboard box you may have in the garage).
- 2 Get your mum or dad to help you cut around the template.
- 3 Cut a hole around the dotted line and make slices at the positions marked. Slide the bead thread onto the cross at point B. You may wish to reinforce point B to hold the weight of the beads by attaching extra tape to the back of the cross.
- 4 You can now slide the cross over your door handle to your kitchen or bed room and start collecting your beads.
