

HOW TO FIX YOUR EGGVENTURE BRACELET

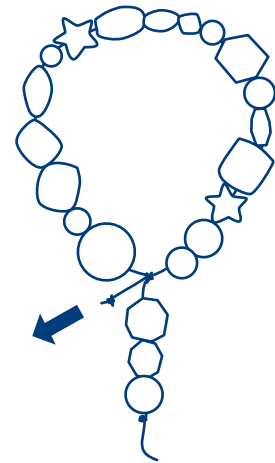

If you find that the Eggventure bracelet is too long to fit around your wrist, here's a helpful hint to help you fix it:

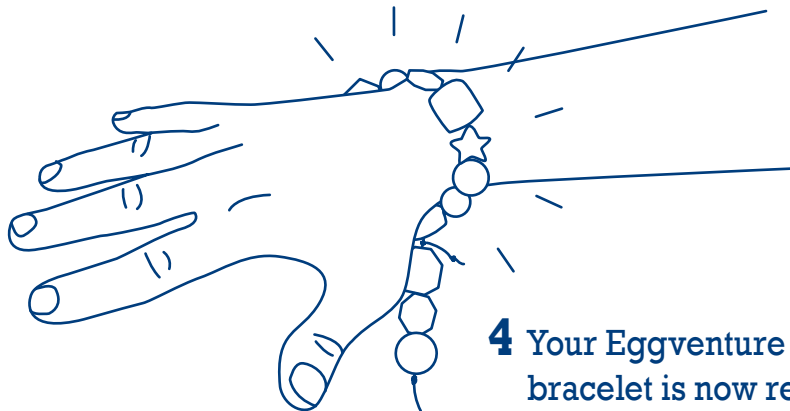

1 First, tie a double knot at the end of your bracelet.

2 Then, use one end of the elastic to tie at a point in the bracelet that is comfortable when you fit it round your wrist.

3 Secure your bracelet with a double knot to ensure it stays in place.

4 Your Eggventure bracelet is now ready to show off to your friends and family!
